AWS Certified Developer Associate Jan 2024
Code with Mosh – Django Course Sept 2023

PROJECTS

E-commerce Website

- Developed a dynamic and responsive E-commerce website using Django, showcasing user authentication, product catalog management, and an efficient shopping cart system.

Liquidity Analysis Tool

- Created a Python script to analyze the liquidity of NFT holdings at a specific Crypto address, utilizing the OpenSea API for real-time data retrieval and assessment.

Planner/To-Do List Website

- Engineered a planner app with an intuitive user interface and secure login functionality, leveraging Django, Python, JavaScript, and MySQL.

WORK EXPERIENCE

Community Manager

Well Beings Oct 2022 – Sept 2023

- Enhanced brand visibility through multiple social media platforms.
- Coordinated live events and forums, successfully attracting over 200 participants.
- Edited videos and created templates via Adobe Photoshop and Adobe After Effects.

E-Commerce Support Intern

Partners for Just Trade Sept 2018 – Dec 2018

- Assisted with the transition to QuickBooks Online, streamlining accounting processes.
- Prepared and ensured accuracy of orders for shipment.
